50+ Years Precision Engineering Business For Sale!

Looking for a specialised engineering business with a reputation for excellence?

This established machining operation has been a trusted name in the timber and fuel industries for over 50 years, delivering high-performance precision components to clients nationwide.

Founded in 1967, this business has built a loyal customer base by providing expertly crafted cutter heads, feed rollers, non-standard sprockets, and critical repair parts for planing machines. With no active marketing, its steady stream of work is driven purely by word-of-mouth and industry trust, proving the business's unmatched reputation and reliability.

Key Business Strengths:

- * Established Industry Reputation - A trusted name in precision machining since 1967
- * Highly Specialised Market - Niche expertise with significant barriers to entry for competitors
- * Loyal Client Base - Repeat customers from across New Zealand
- * Skilled, Lean Team - Small, efficient workforce delivering top-tier craftsmanship
- * Growth Potential - Opportunities to scale through marketing, investment, and industry expansion

Currently operating with a lean, highly skilled team, this business offers a smooth transition for a new owner. Whether you're a hands-on operator or looking to expand and invest in growth, the solid foundations are in place for continued success.

With the current owner preparing for retirement, this is a rare opportunity to acquire a well-established, highly regarded business with significant potential for future expansion. Don't miss out-secure this exceptional business today!
