B2B Niche Manufacturer and Importer - \$545k Profit

Looking for a unique investment opportunity in the manufacturing and import distribution sector? You've found it!

Step into a thriving and well-established manufacturing business based in the lower North Island, New Zealand. Specialising in in-house manufactured high-quality niche products designed to meet rigorous New Zealand and Australian standards across a variety of industries, this business has established itself as a market leader through its comprehensive range of products it supplies to its clients. Standing out in its offering is this business's proprietary design and manufacturing of niche products. This business has a reputation as a reliable, and trusted niche manufacturer for businesses across the country to turn to.

Originally established to cater to challenging industrial needs, this business has continually evolved, incorporating optimised manufacturing capabilities that allow for rapid product development and a diversified product line. Backed by high industry standards, this business also boasts exclusive certifications and an in-house testing facility, demonstrating its commitment to quality and innovation.

Business Highlights:

- * Comprehensive range of products to meet a diverse range of customer needs
- * Established market presence in New Zealand with expansion potential in Australia
- * Exclusive certifications for industry-leading quality control, including IANZ and ISO9001
- * Unique in-house product testing facility, ensuring compliance and maximised designs
- * Loyal customer base driven by trust and word-of-mouth recommendations
- * On track for SDE of \$545,000 (year end Dec 2024)
- * Includes \$750,000 of stock
- * Fully Relocatable

With a solid and proven successful operational model and reputation, this business has a strategic position in the market, offering both stability and potential for further growth. The current owner has prioritised quality and client satisfaction, offering you as the new owner a springboard to launch and expand the business into new markets and to create new product lines to further strengthen its leadership position within its sector.
