Highly Profitable Business

EBITDA \$5m+

This is a rare opportunity to acquire an established and highly respected civil construction company.

Specialising in highway, street, and bridge construction, piling works, and other heavy civil engineering projects, the business generates substantial revenue with active contracts and ongoing projects.

With projects secured across the North and South Island, the business has built a solid platform with exciting growth potential.

Key Highlights:

- Strong Financial Performance: EBITDA exceeding \$5m
- Diverse Contracts: Government & private sectors
- Lucrative Forward Work: Substantial pipeline of ongoing & future work
- Experienced Team: Skilled management & staff ensure seamless day-to-day operations
- Smooth Transition: The current owner is willing to stay to provide a smooth transition process to a new owner

This business is perfect for an existing construction company looking to expand or an investor seeking a robust operation. With New Zealand's infrastructure sector poised for significant growth, this acquisition positions you to capitalize on upcoming opportunities.
