Vending Machines for Sale with Location / Revenue Benchmark in Christchurch

Eager to expand your vending machine portfolio or start your journey in the industry? We're here to assist!

We supply brand-new vending machines and help with finding locations to place the vending machines.

Included in this package:

- High-quality vending machines
- Support with identifying and securing placement locations
- 24-month machine warranty
- 180-day warranty for location performance
- Location Revenue Benchmark for monitoring
- Comprehensive training and support

The Location Revenue Benchmark outlines the expected revenue target. If the benchmark is not met, we will source another location at no additional cost to help achieve better results.

Our package includes support in identifying suppliers and understanding product sourcing options.

If you'd like further details about our vending machine and location business package, please contact us, and one of our team members will respond promptly.
