Profitable Business

Established Companion Driving Franchise - Lifestyle Plus Profit

A proven business with purpose - community impact, flexibility, and income all in one.

Founded in 2018, this multi-vehicle transport and companion care business has become a cornerstone in the Far North community. Specialising in door-to-door service with heart, it supports seniors, children, and those with special needs across a wide range of daily life activities.

Home-based and covering a large, exclusive territory, this business benefits from 130+ regular clients, a fleet of seven branded vehicles, and strong referral networks. It offers the perfect blend of flexibility, low overheads, and meaningful community engagement.

Business Highlights:

- * 7 well-maintained, branded vehicles
- * 130+ active monthly clients
- * Home-based operation - no premises required
- * Strong local and national referral partnerships
- * Outstanding franchise support and training
- * Exclusive Kerikeri and Far North territory

Since launch, this business has thrived under a caring and competent owner. But there's huge upside potential: expand weekend and public holiday coverage, tap into growing demand in the disability sector, and explore expansion into Kaitaia where there's unmet need.

This is ideal for a compassionate, driven owner-operator or working couple ready to step into a respected, established brand.

No prior industry experience needed - the franchisor provides comprehensive training and systems. The current owner is happy to offer a handover period to support your success.

A rare opportunity to own a purpose-driven, profitable business with lifestyle benefits.

Enquire today and drive your future forward!
